The screenshot shows the BscScan website interface. At the top, there's a navigation bar with 'All Filters', a search bar, and links for Home, Blockchain, Validators, Tokens, Resources, and More. Below this, the token page for 'EarthaToken' is displayed. The 'Overview' section shows the price as \$0.00 @ 0.000000 BNB, a fully diluted market cap of \$0.00, a total supply of 317,006,803, 276 holders, and 536 transfers. The 'Profile Summary' section provides the contract address, decimals (18), official site, and social profiles. A large banner for 'AAX' is visible. The 'Holders' section shows a table with columns for Rank, Address, Quantity, Percentage, and Analytics. The first holder, 'Eartha: Deployer', has a quantity of 149,088,436.04 and a percentage of 47.0300%. A red line highlights the 'Quantity' and 'Percentage' columns, with a red box around the percentage value. A red callout box points to the percentage value, stating 'Liquidity 11%' and 'Treasury 36%'. The page also includes a footer with a cookie notice and a 'Got it' button.
